

READING IS TO THE MIND WHAT EXERCISE IS TO THE BODY

Date: 23/4/2024

Dear Parents,

Greetings,

We are glad to share with you about a unique activity for students that we are planning to introduce, which will promote the love for books and reading in children.

'Drop Everything and Read' better known as 'Dear Time' is a time regularly set aside in the classroom schedule for students to read any story book of their choice and note down new words. This will encourage students to read independently, and enhance their vocabulary.

Therefore, each student is required to bring a book that they would enjoy reading, from home. The activity would start from 1st May, 2024, and so students should be ready with their storybooks.

PLEASE ENCOURAGE YOUR WARDS TO READ!

Thanking you in advance for your whole hearted support!
